Mr. Bernie Kerkvliet
Skyline Ponds
26852 Hwy. 189
Blue Jay, CA 92317

Dear Bernie;

Our thanks and compliments for the beautiful waterfalls, stream and pond you built for us at our home in Lake Arrowhead. We had seen the quality of your work and thus expected to be satisfied. But watching the precision of your workers and their concern for perfection was awesome. We never would have understood what goes into building such water effects had we not seen it being constructed.

We also want to compliment the courtesy and care of your workmen. They were always friendly and cleaned up after themselves. They are truly craftsman not just labors. Every rock was carefully identified and placed in just the right location. The result is more then we even hoped for.

We also want to thank Tamara for her courtesies and assistance. You are fortunate to have such a qualified and helpful assistant. When she went out of her way to check our project and put in the chemicals, we were impressed and appreciative.

You completed the project according to your original timetable and we appreciated doing business with you. Feel free to give our name as a reference to anyone and tell them to feel free to come and see the results in our back yard. Our very best for your continued success.
