Skyline Landscaping
P.O. Box 471
Cedar Glen, CA 92321

Dear Bernie,

We want to thank you for our beautiful pond and stream and commend you and your capable staff on the outstanding job they did. Our experience with Skyline Landscaping was positive from beginning to end. We first attended a pond tour to see your work, and in talking to many homeowners we were pleased to find that all were happy with your work and impressed with you as a person. We also found you to be creative, patient and to have a high level of integrity.

Our pond took five days to complete, and the crew showed up each and every day until our job was finished. We found them all to be pleasant young men. There were no blaring radios or trash strewn around, and our jobsite was left neat and tidy at the end of each day.

We will be pleased to give anyone who asks our highest recommendation for Skyline Landscaping.

Sincerely,

Kris and Carol Young
